The census shows there are 2,531,333 more women than men in the United States, which leads the Tombstone Prospector to remark: "Now is your chance, bachelors of Arizona, why continue to sew on your own buttons when the surplus of women ready to undertake the job is so large?"

Globe has experienced a protracted storm, which began last Monday afternoon and wound up with a flurry of rain and wind last night. The rainfall has been considerable and as the storm was general, will do much good. There was a light fall of snow on Pinal mountain last night, and the temperature here today is decidedly chilly. The storm was only the echo of the blizzard which swept down from the British northwest last week.

We are in receipt of a letter from Judge J. F. Hechtman, dated at Chicago, in which he states that his wife is improving wonderfully under the treatment of an osteopath and a specialist. He says he would like to get away from the miserable climate of Chicago, but does not know when he can return to Globe. November 18 he expects to go to North Carolina to expect some gold and copper mines in which he is interested, and on the trip will be in charge of an excursion party of investors.

E. F. Kellner returned last night from San Carlos. Business is very slack at the agency, as the Indians' crops were poor the past season and they have little money. The Indians are really in a bad way as rations have been withdrawn from all except the aged and infirm. Last Friday rations were issued to only 400, and they were sufficient to last the beneficiaries about half the week. If Uncle Sam is going to continue to keep the Indians on reservations, he should feed them, else they will deplete on citizens' cattle ranging on their lands. The government's Indian policy has been one continuous and costly mistake.

No! Heave, Ho!

The storm is over, and I am ready to make sail again. I thought it useless to be buffeted by heavy seas, so I dropped both anchors and rode the storm out snugly. Any fool can earn money, but it takes a wise man to take care of it. So come and see Old Man Whelan; examine his goods and prices before purchasing. You can save money by doing so. Sheepskin shoes for boys, the best winter shoes on the market; they are waterproof, and warranted not to rip. Come and see me; you will find it to your advantage.
